THIS IS A REQUEST FOR INDUSTRY FIRMS TO HIRE SUMMER INTERNS

In

**--- CIVIL OR STRUCTURAL ENGINEERING ---
--- CONSTRUCTION MANAGEMENT ---
--- The CIM PROGRAM ---**

The Concrete Industry Foundation (CIF) has received many resumes from local College and University students who are seeking summer employment in the industry in the above categories.

These students are third year or farther in their studies and a few are graduate students.

The Concrete Industry Foundation invites all interested firms to request and receive the student resumes and select a student for an internship or summer work.

This CIF Program is intended to stimulate a meeting between industry firms and students seeking initial experience in the industry.

Please access the CIF website listed above for all the resumes

Also Please inform me at the below e-mail address if your firm hires an intern from the list of resumes. Thank you for your participation

Sincerely,

Reginald D. Hough, Director of Internships
